Dear Ms. Liana Grobler,

NATIONAL JOINT CO-OPERATION

Warm Christian greetings. I wish to thank you for making time to meet with you.

In terms of the aims and objectives of our constitution we welcome all efforts where we are able to work together.

Most recently we opened a new branch in Parys where one of its projects is specifically geared to provide services to older persons at a community level. At present these services are limited to providing food parcels and / hot meals from the premises of the local Full Gospel Church.

In the interest of reaching the most vulnerable communities of our country we support the concept of working in partnership with kindred organisation.

Please be assured of our support in the future.

Your co-labourer in Christ.

Pastor L. Sanabria
